Re: VMRC #20-1641

Dear Mr. Trostle:

We have received your application requesting authorization to fill and impact non-tidal wetlands, Lenah Run, and small, unnamed tributaries to Broad Run in association with the construction of the Hartland Phase II, residential development on property situated at 23651 Lenah Farm lane, in Loudoun County.

Based upon a review of your application, your proposal does not fall within the jurisdiction of the Marine Resources Commission, therefore, no authorization will be required from this agency. For your information, you may need authorization from the U. S. Army Corps of Engineers and/or the Department of Environmental Quality (DEQ) prior to commencing your project. Your application has been forwarded to these agencies.

If I may be of further assistance, please contact me at (757) 247-8028 or via e-mail at mark.eversole@mrc.virginia.gov.

Sincerely,
